347–480Vac models deliver the same lumen output as the 120–277Vac models.

This table only lists part of the model lumen parameters, if you need other model parameters, please contact our sales.

A DIRECT RETROFIT FROM HID TO LED

The LNR series LED is easy to retrofit in the same configuration as your existing HID luminaires. For example, a 80-watt Linear (LNR2-80) delivers virtually the same illumination as its equivalent 250 watt Metal Halide luminaire while providing 80% reduction in energy costs and up to 147,000 hours of continuous operation.
